WASTEWATER RATE:	Base Rate		$ 28.00
	Volume Rate Per 1,000 gallons		= $2.50

New residential customers will be assigned a volume of 12,000 gallons bi-monthly, until they have developed a winter history. The wastewater volume charge is based on winter average and is effective every October 1st which begins our Fiscal Year. The new charge will be on the December water bill.

We look at the water usage between November and January and between January and March and we use the lower of the two usages except if one is Zero, we will use the other. The minimum we bill is 2,000 and the maximum is 30,000 gallons.
For example: if January 2018 usage was 49,000 gallons and March 2018 usage was 24,000 gallons, we will use the March usage for wastewater volume charge for our Fiscal Year 2019.

Texas Commission on Environmental Quality - 1/2% of total water and sewer

All bi-monthly billings are mailed on or before the first of all even number months.
A 10% penalty is added if payment is not received in our office on the 20th of the even number months.

SECOND NOTICES will be sent once the payment is past due.

Service is subject to termination on the 10th of each odd number month or anytime thereafter. Returned checks **will not** be re-deposited, a $25.00 charge is added and the service is subject to termination.
